Only in exceptional circumstances (as determined by the Permit Committee, at its discretion) will registration be granted. - 271.1. the relevant Community Club must be affiliated with SACA or a Community Association that is affiliated with SACA;
 - 271.2. the relevant Player must be duly registered under the By-Laws of both SACA and the relevant SACA affiliated Community Club and/or Association; and
 - 271.3. a Player may not hold more than one (1) Season Permit within any one competition in any season (i.e. a Player must not be registered with multiple Clubs or Community Clubs within the same competition).
272. A Player who holds a Season Permit will not be prevented from obtaining a Transfer from their Club or a Transfer from their Community Club at any time by reason of the Season Permit. Any such Transfer application must be made under these By-Laws (or in case of a Community Club or Community Association, under or as varied by its by-laws, if/to the extent applicable).
273. A Player who:
- 273.1. holds a Season Permit and obtains a Transfer from their Club or Community Club (as relevant) during a season; or
 - 273.2. held a Season Permit in the last season in which they played and obtains a Transfer from their Club or Community Club following the completion of that season,
- must also obtain a Transfer from their other (secondary) relevant Club or Community Club for which they hold the Season Permit.
274. A Player holding a Season Permit must always offer themselves for selection by the Club first, in priority to the Community Club (i.e. where there is a conflict with the Community Club's match program).
275. A Player with a Season Permit may play for their school or Community Club on a weekend as well as for their Club on the same weekend.
276. A Player with a Season Permit who is under eighteen (18) (as at 1 September) in the current season may play in the Premier Cricket Competition on both days of the same weekend.
277. Where a Player aged under eighteen (18) years (as at 1 September) in the current season seeks to register with a Club in addition to a Community Club, the Player must apply (in writing) for a Season Permit, which will be deemed an election to play for a Club for which they are eligible and qualified under these By-Laws. Such a Player may not subsequently register with any other Club other than as provided for in these By-Laws.

278. The relevant SACA By-Laws and SAMCA by-laws pertaining to eligibility and qualification to play in Finals Matches will apply to a Player with a Season Permit.

PERMIT COMMITTEE – POWERS AND DUTIES – TRANSFERS AND PERMITS

279. The Permit Committee has the power to (without limitation):

279.1. inquire into and determine matters relating to Transfers and Permits;

279.2. adjudicate and make determinations in respect of refused Transfer Applications and Transfer and other Transfer application disputes;

279.3. rescind any Permit if/where it becomes apparent that the grant of a Permit occurred based on incomplete or inaccurate information;

279.4. determine Season Permit disputes;

279.5. impose a penalty under By-Laws 267 and/or 235 (or under Part 12 in the case of Replacement Player Permits), as applicable.

PART 12 - REPLACEMENT PLAYERS

PERMIT COMMITTEE APPROVAL AND PERMIT REQUIRED

280. A Club must select its teams, and any proposed Replacement Players, prior to the relevant round of Matches after taking into account the availability or unavailability of Players.

281. All Replacement Players require a Permit granted by the Permit Committee, unless otherwise specified in this Part 12. The circumstances in which a Replacement Player is permitted under these By-Laws, and in respect of which a Permit may be granted, are specified below.

282. A Replacement Player Permit may apply in respect of a day of a Match, a Match or weekly.

REPLACEMENT PLAYERS – PERMITTED CIRCUMSTANCES

283. A Player:

283.1. selected as a player in a Representative Match;

283.2. appointed as an official for or at a Representative Match (as approved by the Permit Committee);

283.3. suffering a Qualifying Injury;

283.4. playing cricket for their independent school; or

283.5. required to attend an Exam

may replace, or be replaced by, another Player on either day of a Men's 1st, 2nd, 3rd, 4th, Women's 1st, 2nd or Junior Match in the circumstances specified and permitted under this Part 12.

284. If a Player is replaced, consequential replacements in lower grades will be permitted.

285. The Replacement Player must complete the relevant Match with the same full rights and obligations of the Player they have replaced (for example, if the Player replaced was to continue their innings at the resumption of play on the second day or was to complete an over in progress at that time, the Replacement Player will immediately resume such innings or over).

Unavailability Known or Anticipated Prior to a Match

286. If and where the unavailability of a Player is known or anticipated by a Club prior to:

286.1. the commencement of play on the first day of a two (2) day Minor Round Match not played on consecutive days (e.g. Saturday/Sunday, etc.); or

286.2. a Major Round Match,

a Replacement Player must be selected for each such Player.

287. For the purposes of By-Law 286, a Player's unavailability will be considered anticipated where:

287.1. a Player was selected in a Representative Match team in the previous Representative Match of the same type;

287.2. a Player is selected in the playing or travelling squad for the upcoming Representative Match;

287.3. unavailability is advised by the SACA Cricket Department;

287.4. the date of an Exam is known and advised to the Player; or

287.5. the date on which a Player wishes or is selected and required to play for their independent school is known and advised to the Player.

288. Where a Replacement Player is required due to any Player's involvement in a Representative Match:

288.1. the Replacement Player(s) is/are not required to be notified to the Manager - Premier Cricket and no Permit will be required, however the names of all Replacement Players and replaced Player(s) must be included alongside each other on the team sheets for the relevant Match exchanged prior to the toss;

288.2. Replacement Player(s) are automatically voided if the Player in a Representative Match becomes available to play for their Club through omission from the Representative Match team (including where they are named as twelfth (12th) man and released in a Representative Match being played in Adelaide) and the team sheet for the relevant Match must be amended to reflect the voiding and the date and time the change was made and must be signed by both team captains and an umpire;

288.3. If a Player omitted from a Representative Match team (whose replacement is voided as a result) has a Qualifying Injury preventing them from taking their place in a Premier Cricket Competition team, the Club must make an application to the Permit Committee for a Replacement Player on the second day of the Match.

Explanatory Note: Although in most cases the original Player (who participated on the first day of a Match) can be expected to be the Replacement Player, it is not possible to automatically void the replacement in this situation, as the "original" Player may not be available to continue in the Match and the Permit Committee must ensure the injury meets the requirements for a Qualifying Injury.

Unavailability not Known or Anticipated Prior to a Match

289. If/where a Replacement Player is not included on the team sheets exchanged before the toss on the first day's play of a relevant Match, a Club may apply to the Permit Committee for approval and a Permit for a Replacement Player to address a Player's unavailability where:
- 289.1. the Player concerned was promoted to a Representative Match team where they were not selected in the previous Representative Match of the same type;
 - 289.2. the Player concerned was omitted from selection in the previous Representative Match of the same type;
 - 289.3. the Representative Match team concerned had not played a Representative Match earlier in the same season;
 - 289.4. the Player concerned suffered a Qualifying Injury after the commencement of play on the first day of the Representative Match;
 - 289.5. there was a late and unanticipated change to an Exam or independent school match fixture, or a change in selection(s) for an independent school team, occurring after commencement of play on the first day of the relevant Match.
290. The right of a captain to nominate a substitute fielder, rather than make application for a Replacement Player, remains unaffected.

TEAM SHEET REQUIREMENTS

291. If/where any Replacement Player Permit is granted by the Permit Committee prior to commencement of play on the second day of the relevant Match, the team sheet must be clearly amended and marked to identify any Replacement Player and any Player(s) replaced. Amendments to the team sheet must be signed by both captains and an umpire, and the date and time of such change clearly included (responsibility vests in the captain of the team whose Player is being replaced). The only responsibilities of umpires will be to sign all team sheet changes as required under these By-Laws (after ensuring the date, time and captains' signatures are in place) and to report any occurrences known or reported to them of a Player participating without the required procedures being followed.

REPLACEMENT PLAYER APPROVAL AND PERMIT APPLICATIONS

292. Unless otherwise specified in this Part 12, any application for a Permit for any Replacement Player(s) must be notified in writing in the prescribed form to the Manager - Premier Cricket within forty-eight (48) hours of the event giving rise to the application, indicating the Replacement Player(s), the replaced Player(s) and all consequential replacements in lower grades. Details pertaining to recent Match performances, Match status/situation and the rationale for the application must also be provided.
293. Any application for a Permit for a Replacement Player must in any event be lodged by no later than 12:30pm on the last Business Day prior to the second day's play in the relevant Match.

294. If/where any application is lodged after 12:30pm on the last Business Day prior to the second day's play in the relevant Match, it will only be considered if it is lodged within two (2) hours of the need for a replacement becoming known to the Club (and the Club making the application must satisfy the Manager - Premier Cricket that this condition has been met). A late Replacement Player application may be accepted at the Manager - Premier Cricket's discretion, depending on the circumstances causing delay. No late applications will be permitted, accepted for consideration or granted for Major Round Matches and Minor Round two (2) day Matches played on consecutive days (e.g. Saturday/Sunday etc.).
295. If/where any application is based on a Qualifying Injury, the relevant required confirmations for that Qualifying Injury must be submitted with the application. If/where it is not possible for a member of the SACA panel of doctors and/or physiotherapists to provide the required confirmation within the specified timeframe, the Permit Committee may make a provisional decision based on an acceptable confirmation being received by the Manager - Premier Cricket not later than two (2) hours prior to the commencement of the second day's play in the relevant Match.
296. Each Replacement Player application must be for a "like type" of player to the Player being replaced and the application must be signed by the Secretary or other authorised officer of the Club concerned.
297. In considering whether to grant or refuse a Replacement Player Permit, a material and primary consideration will be whether it would be a "like type" player replacement. Subject to that consideration, the Permit Committee will also consider:
- 297.1. the current status and situation of the Match, including whether the Replacement Player will bat, bowl or keep wicket, and
- 297.2. the Replacement Player's ability in each category relative to the replaced Player,
- and the Permit Committee may place restrictions on the participation of the Replacement Player, having regard to these or other factors, as it considers relevant or appropriate, at its discretion.
298. If a Permit application is submitted so late that it is impossible to arrange a quorum of the Permit Committee (even by telephone), the Manager - Premier Cricket will determine if the circumstances justify the late application. If so, the Manager – Premier Cricket will inform the Chairperson of the Permit Committee (or their nominee) and any other members of the Permit Committee whom they are able to contact. The Chairperson, those members of the Permit Committee able to be contacted and the Manager - Premier Cricket will then make a determination on whether to grant or refuse that Permit.
299. If the Permit Committee subsequently finds that any Permit was granted based on inaccurate, misleading or incomplete information provided about any Player(s) concerned, the Match status or situation or that the application was clearly not within the requirements of this Part 12, the Permit Committee may retrospectively revoke a Replacement Player Permit. Given the potential for retrospective revocation, Clubs should exercise particular caution and care when submitting applications (especially late applications).
300. Where consequential replacements are required in other grades, Permit Committee decisions can be particularly time-consuming. Clubs should therefore allow maximum possible time for the Permit Committee to consider any Permit application and should ensure that all relevant information regarding potential Replacement Players is provided to the Permit Committee.

NOTIFICATION

301. If/where any Replacement Player Permit has been granted, the relevant Club must notify the other Club and the umpires and scorers for the Match of the Permit grant and the Replacement Player and must ensure that the other Club is aware prior to play commencing on that day. Notification is especially critical where the Replacement Player is only playing on day two (2) of a Match and not day one. SACA will also provide notification where a Replacement Player Permit is granted.

NON-COMPLIANCE

302. In the event of any Player participating in a Match without a Replacement Player Permit granted under this Part 12, this will constitute a breach of the By-Laws and the provisions of By-Laws 233 and 234 (Unqualified Players) will apply (and in the event of any deliberate breach, By-Law 237 may apply).
303. In exceptional circumstances, where participation of a Player without a Permit is entirely inadvertent and the Permit Committee does not consider the relevant Club involved to have been negligent in failing to comply with these By-Laws or any other applicable procedures notified to the Club(s), the Permit Committee may determine that a fine will be imposed.
304. Failure by a Club to adhere to the procedures required after the granting of a Replacement Player Permit, and which do not result in the Permit being invalidated, may be dealt with by the Permit Committee. The Permit Committee may impose a fine of up to \$200.00 for a Club's first offence in any two (2) year period and a fine of \$500.00 for any subsequent offences of the Club. Any fine imposed on a Club by the Permit Committee under this By-Laws will be subject to review by the Premier Cricket Committee.

REPLACEMENT PLAYER DISPUTES

305. Any dispute(s) in relation to Replacement Players or any Replacement Player Permit must be referred to the Premier Cricket Committee for resolution and a final determination.
306. In the event of a dispute being referred to the Premier Cricket Committee, any member of the Premier Cricket Committee who has a conflict (including by reason of being a member of the Permit Committee or being associated with a relevant affected Club), that member of the Premier Cricket Committee must excuse themselves from any determination of such a dispute.
307. If there is insufficient time for the Premier Cricket Committee to resolve or otherwise determine any dispute referred to it under Part 12, the Chairperson of the Premier Cricket Committee (or Deputy Chairperson if the matter involves the Chairperson's Club) will have the power to make a final determination. In the event the Chairperson or Deputy Chairperson has a conflict of interest, the Chairperson may appoint another member (or members) of the Premier Cricket Committee (without any conflict of interest) to make a final determination.

308. Teams competing in the Premier Cricket Competition will be divided into the following grades (unless otherwise determined by the Premier Cricket Committee):

313. At the conclusion of a season, the bottom two (2) teams in Division 1 will be relegated to Division 2 and the two (2) Grand Final teams in Division 2 will be promoted to Division 1. If the SACA Under 19 team plays in the Division 2 Grand Final, the team finishing third (3rd) in Division 2 will be promoted to Division 1.

314. A Player is not eligible to play in the Minor Round in a grade which is more than one grade lower than that in which they participated in the previous round unless they have a Permit granted by the Permit Committee. 315. A Player in a team in a higher grade which has a scheduled bye may not play in a lower grade on the weekend of the scheduled bye, if that Player participated in a higher grade in their previous Match, unless they have a Permit granted by the Permit Committee. A Club must also submit a phantom team if it has a lower grade team playing in that round and the higher grade team is not (regardless of the reason). The SACA Manager - Premier Cricket must inform the opposition Club of any Permit granted.

In grades below 2nd Grade, the Manager – Premier Cricket and the Chairperson of the Premier Cricket Committee may make such change if it is unreasonable for the entire Premier Cricket Committee to endorse such a change given the time available for the decision and the relative importance of the decision.
324. Should a change to an entire round of Matches be required in any grade, such a change may be made by the Program Committee if only grades below 2nd Grade are involved. Changes involving 1st or 2nd Grades may normally be made only by the Premier Cricket Committee and the Program Committee may only make such change if it is impractical (in the opinion of the Chairperson of the Premier Cricket Committee) to refer the matter to the Premier Cricket Committee.

344.2. for all Matches in which a result is achieved (i.e. a win or a tie), that Match will count as a Match played for the teams participating in it; and

- 353.2. the batting average against a team will be obtained by dividing the total number of runs scored against it by the total number of wickets taken;

- 355.1. in a Match which does not achieve a result, the scores are ignored for run rate purposes; and
- 355.2. if a team is all out in less than its full quota of overs, the calculation of its NRR will be based on the full quota of overs to which it would have been entitled and not the number of overs in which the team was dismissed.
